

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the “+” button.

As a user, I want a button that increases the counter value by the set increment, so that I can add points to the score.

2. User story(ies) in Gherkin syntax for the “-” button.

As a user, I want a button that decreases the counter value by a set increment, so that I can remove points from the score.

As a user, I want to be able to decrease the counter beyond 0, so that I can keep track of negative scores.
